These are just a couple of words describing THE SENIOR CLASS. Being the first four year graduating class and celebrating Kennedy's 20th year anniversary, the Seniors have shown their spirit and dedication in all the sport events and especially in the assemblies when they're shouting "WE'RE THE SENIORS COULDN'T BE PROUDER AND IF YOU CAN'T HEAR US WE'LL YELL A LITTLE LOUDER." Our term will be completed with the theme "HIGH TIMES FOREVER MORE WE'RE THE CLASS OF 84."

FASHION COLLISION

2

A wide variety of uniqueness could be spotted on our campus. Racey stripes and mellow plaids strutted around Kennedy's campus, while loosely-cut sweatshirts and slinky tanktops flashdanced their way from class to class. Peg pants, "Jellies," and plastic purses could be spotted practically everywhere. So no matter where we shopped or what we bought, the Irish really had it together in the fashion scene.

By far, the most popular time during the school day is lunchtime. When the lunch bell rings, the campus seems to come alive. Students dash out of their classes, some hurry to their lockers and others head for the ever busy lunch line where the scrumptious lunches await them. During this time there are meetings to attend, friends to talk to, and maybe a secret or two to share. Otherwise it's just spending time alone with our thoughts . . .

No matter what goes on, the Irish are known to do it right!!!

1. Innocent Mike Blalock poses in a picture with Mike Danaher and David Baker. 2. An adorable smile is one asset that Yvonne Villareal shows. 3. Jenny Waldkirch and Gina Coppage know how to liven up their lunch time. 4. After enjoying his lunch, Jimmy Han gives a friendly wave. 5. Lunch time is the perfect opportunity for Cari Sypkens, Kathy Heitmann and John Destouet to reveal their real personalities. 6. These crazy guys enjoy their lunch at their favorite spot. 7. Julie Hudnall, Alane Azevedo, and Michelle Pagan show their ultra bright white. 8. Frankie Amador knows who he's winking at! 9. Cheryl Davis signals that anytime is a right time for milk. 10. EVERYBODY NEEDS SOMEBODY

Times we spent together, Cars we use,
All the money we spent, The clothes we choose.
Weekend night movies, Walking in the park,
Telling our fears, Afraid of the dark.
Money to lend, The stuff we buy,
Our "private" talks, And eating french fries.
The fun we've had, May it never end,
We want it to last, and **always** be FRIENDS!!!

QUEEN OF HEARTS

On a warm autumn evening at Handel Stadium, cheers could be heard from every direction as the anxious and excited finalists rode up in sleek convertible corvettes. As they stepped up on the decorated platform, silence overtook the crowd. Thousands of anxious faces patiently awaited the magical words contained in the envelope. The long awaited moment finally arrived. As the announcer's excited voice boomed saying, "The 1983 Homecoming Queen is ... Julie Guevara." Screams and cries were witnessed as Julie Guevara stepped forward to be crowned by last year's returning alumni Mari Chekel.

The Homecoming court of 1983 consisted of (on the opposite page) Freshmen Princess Chris Clammer, Sophomore Princess Jenny Waldkirch, Junior Princess Alane Azevedo, Queen Julie Guevara, and Senior Princesses Kris Evans and Kandace Smith.

After a victorious game against Esperanza, a homecoming dance, the Queen of Hearts, was staged for this year's new homecoming court and the entire student body. With a beautiful homecoming court, an exciting game, and a spectacular dance, these two nights were truly moments to remember.

When the school year opened, Kennedy's Student Council was more than ready to handle their responsibilities. Their theme for the year was "Get Involved". It was a sincere invitation for students from all corners of the campus to participate in activities. The council had just returned from Summer Leadership Camp at UC Santa Barbara full of pride and new skills. It was at this camp that they won first place for their Olympic "Sam the Eagle"/Mr. Irish T-shirt logo.

The Student Council had 7 returning members which certainly became an advantage on the planning of the annual Spirit and Irish weeks. A change was seen in the style of Homecoming as Corvettes and the Queen of Hearts backdrop took the place of the usual float.

Many students took part in major school improvement and development committees. Students were involved in the School Accreditation Committee, the Student Advisory Committee, the School Site Council, and the PTSA Board. Since this was the first year we put into action these various committees, students participation was greatly appreciated.

The Winter Formal at Old World and the Jr./Sr. Prom was also a huge success.

All considered, the ASB saw the difference that the student activities and involvement play at Kennedy High School.

THE SOUND OF SPIRIT

Spirit and excitement abounded as the band, a part of the Shamrock Regiment, played during assemblies, football games, and parades. The new director, Mr. Gravett, Drum Major, Mark Lush, and all the members of the Regiment worked hard to produce their musical numbers. They got up early to attend daily seven AM practices and weekend performances. This year at the Silverado Days Parade they won the Sweepstakes Award, which is awarded to the band that gives the best overall performance. The Shamrock Regiment, consisting of the band, colorguard, and drillteam, won not only the Sweepstakes Award but also the Best Music Award. It was a victorious day for the Kennedy people! It not only proved that the Shamrock Regiment is number one, but also that their music has the sound of spirit.

Pride! Practice! Precision! These are the three key words that the Colleen Drill Team had plenty of. These thirty-five girls marched, danced, and smiled their way to the top! They performed at several parades, field shows, and assemblies. With bright smiles and enthusiasm the determined team danced their way to top awards.

Under their excellent advisor Karin Lush, and head leader Evamarie Ferrer, first assistant Christine Collier, second assistant Caroline Radovan, and recalls Lisa Carillo and Rene' Hornak they performed with perfection throughout the year. President Stephanie Camalig, Secretary/Treasurer Jennifer Gloe, and Historian Sheri Yamanishi have devoted their special time and effort to various tasks. By the end of their fun learning experience, the Colleens found the true meaning of friendship, support, caring and sharing.

CAPTIVATING COLORGUARD

The colorguard really knew how to start off an award-winning year! They showed off their Irish spirit and talent by taking first place in their division at the Silverado Days Parade. Some of their events included the Christmas Parade, Mount Carmel, and the Los Altos, California and Savanna Field Tournaments. Before any awards could be won, the colorguard put in many hours of practice to achieve the excellence they attained in their performances. Colorguard includes both flags and rifles. Tracy Fay was the leader of flags, and Melody Alsman led rifles. The lively colorguard represented us well in their competitive events with school pride and enthusiasm.

Touch of Class

"I sure do like that dance group!" This statement by an onlooker voiced how we all feel about performing dance. Under the excellent leadership of their advisor, Mrs. McBride, officers and leaders, Susan Iacovetti, President; Julie Guevara, Vice-President; Denise Granito, Secretary/ Treasurer; Jane Early, Sherrie Prejean and Sharon Atherton they worked hard and achieved many accomplishments. Coming to school early everyday for morning practices was only one of the many commitments and sacrifices they had to make, and their dedication paid off. Perfection was the goal and they met that goal with excellence. Their moves were precise, their timing was exact and the student body were oohed and aahed with every turn. The student body were not the only ones who were dazzled by the group. Performing dance was met by loud applause and praise everywhere they performed. Their efforts and accomplishments were displayed in the Spring Show, Silvarado Days, Holiday in Music, numerous pep assemblies and were requested to perform at various community functions. They brought color and excitement to these programs and gave the campus a touch of class.

BOLTING FORWARD

With a bolt of energy, the Varsity Cheer and Song led the school in many spirited events throughout the year. The quality performances that we all enjoyed did not come without much hard work and enduring dedication in their goal of being the best they could be. One of the new innovations of the year is the addition of male yell leaders to the Varsity Cheer Squad. With the new muscle on the squad, cheer could now be able to perform many intricate stunts that thrilled audiences everywhere they went. Varsity Song, led by Jane Early, had the usual upbeat spirit in all the many routines they did. Varsity Cheer, led by Denise Granito. made sure the crowd was involved in everything on the field and court. The Varsity Cheer and Song are definitely an elite group of girls and guys who gave their all for Kennedy High School.

The Tradition Lives On

It started in 1971 when the first J.V. Cheer squad began supporting their teams and their class to the fullest. Painting signs and attending competitions are a few of these girls activities. Although there isn't any one particular girl taking charge, the 6 girls, through their cooperation, teamwork and determination these girls let the tradition live on!

Taking the position of mascot is not an easy job, yet Sylvia Colannino has shown pride and spirit in doing so. Throughout the year she has danced and helped promote spirit at our games and assemblies.

They've Got Spirit! How 'bout You?

The sophomore cheerleaders, with their bright smiles and undying pep, definitely did a terrific job promoting spirit throughout the school. These six girls were enthusiastically doing jumps, kicks and chants at every event. Spirit and pep are certainly what cheerleading is all about and these girls surely have what it takes! Keeping school spirit at athletic events and assemblies is an important job, and these talented girls can handle it! All the way with J.F.K. GO! Irish! GO! Kennedy is #1! These are just a few of the many sayings the freshman cheerleaders have chanted at the football games, assemblies and various other events. These six devoted girls have got the spirit and energy it takes to be great! They've got spirit! How 'bout you?

. . . A TRIBUTE

In 1964 a symbol of pride and tradition was born. Now, twenty years later many of the customs have remained alive, our spirit and pride has withstood twenty years of change just as the United States has. 1984 Has alot of meaning to many people, the Olympics have brought together different countries and many people to enjoy the thrill of competition and athletic gain rather than world gain, despite the many pressures we face. Kennedy High School has long been praised by schools and people of the surrounding cities for our attitudes and determination. 1984 holds special meaning to our graduating Seniors, we are not only the first four year graduation class but also the 20th class to leave Kennedy with the pride and spirit of the FIGHTING IRISH!!!!!

There's no better way to start off Irish Week than to have a Carnation Sale. With fantastic enthusiasm, the Irish fled to the lines to buy carnations for their special someones. This sale went throughout the week, down to the very last carnation that led to a sell out. To end off the first day, the seniors got together for more Irish partying at Camelot for skating, bumper boats, and arcade games.

The next day, the whole school joined in the fun, starting off with Beach Bum Day. Everyone dressed up like Hawaiian Beach Bums and had two contests. First, the frisbee throw with Jeff Roah taking first place. Second, there was the Limbo contest, in which Brian Rallo was able to get first place. These first two days were only the beginning to a terrific fun-filled week ahead.

A Bedtime Story . . .

Once upon a time, there was a school called Kennedy. Every year, traditionally, from March 12th to March 17th this school had an Irish Week to celebrate its favorite holiday, St. Patrick's Day. This week consisted of contests, dress-up days and exciting activities. Wednesday, of this fun filled week, was named Pajama Day and many students dressed up on their favorite pajamas, robes, slippers and even brought their own teddy bears.

The activities for the day were the Teddy Bear Chuck, the Matress Race and then to conclude was the Musical Chairs. These activities involved plenty of eager participation and enjoyment. The Teddy Bear Chuck was won by juniors, Christine Collier and Jim Ryan. The Matress Race, which was a class competition, was won by the juniors, and the Musical Chairs was also won by Christine Collier. Irish Week is a vitally important part of Kennedy's pride and tradition. With activities like this, Irish Week is a tradition that will live happily ever after.

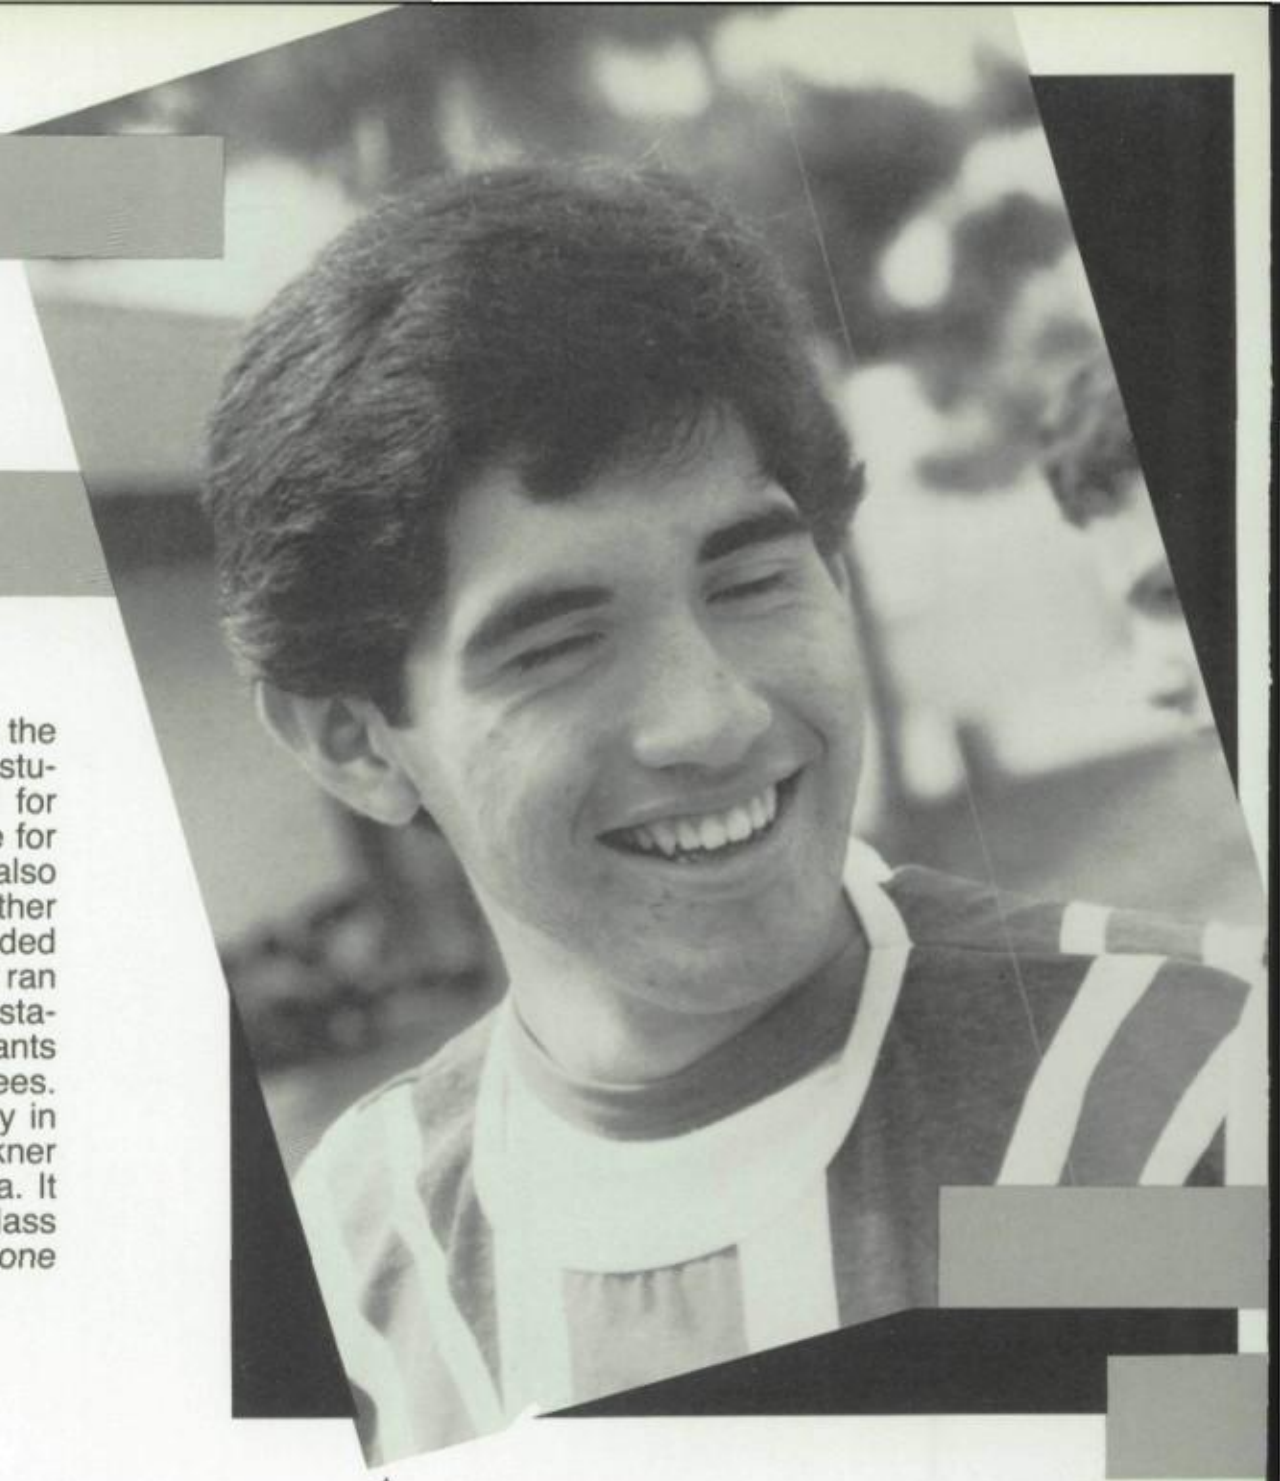
The Olympic Spirit Of The Irish



The day was Friday, the last day of the annual spirit week for the Irish. The students were to wear green and gold for school spirit and red, white, and blue for the up coming Olympics. There was also the annual class competition and other events to participate in. These included the Relay Race, in which the teams ran back and forth with a baton and the Obstacle Course which the participants stumbled through tires and around trees. There also was the Annual Car Rally in which first place went to Marc Beckner and second place to Dennis Montera. It really didn't matter if you were in the class competition or the Car Rally, everyone had a lot of fun!

The Tug-o-War as always came off full of excitement and exuberation. At this thrilling event the tensions could be felt at each starting signal. The first tugging in came from Drill Team to easily drench Cheer and Song. Underclassmen girls in athletics pulled senior athletic girls with much ease. Senior football came off easily with their win against underclassmen football and lastly, the senior class tugged in the underclass. The excitement that had been achieved came to an end with the losing teams swearing revenge next year on the dry winners. What happened between Yearbook and Newspaper? Just wait till next year.

On Monday, October 24, 1983, the Seniors invaded the Camelot Recreational Center. With shouts of laughter and high expectations the Seniors enjoyed their night. A good many seniors turned out for this fun-filled evening. All had nothing but praise for the enjoyment they felt. Some of the facilities available for use were; the skating rink, bumper cars, and go-carts. No doubt that the seniors will ever forget that night.

As the 84th day of the school year was approaching, Ron Rabune, coordinator of the senior assembly, along with his committee got together to plan for the best assembly possible. The Senior Class of 84 eagerly waited to see the many talents of their classmates. Among these many talents were: Senior Performing Dance, Senior Drill Team, Singer Frank Vu, the band Rockstra, Comedian John Reid, and Guitarist Joey Grijalava. When the 84th day finally came, which was on January 20, 1984, we were all extremely satisfied with the hour's entertainment. The Class Of 84 Forevermore!

1. Robert Fosmire, along with Danny Tsai and John Cheng lead off the group with some good guitar playing. 2. The Seniors enjoy every minutes' entertainment. 3. Joey Grijalava starts off the assembly with his own written medley. 4. An admiring fan mobs Frank Vu as he is singing. 5. Dave Baker takes a moment out to vote for his class favorites. 6. Ron Rabune really knew how to give us his all as he was master of ceremonies. 7. After using his talents to the fullest, Gary Schultze takes a refreshing break. 8. Sherrie and all the other seniors in performing dance show us their best in participating in the assembly. 9. Rockstra: Robert Fosmire, Gary Schultze, Russ Baldwin, Danny Cheng, John Cheng, and Danny Tsai. 10. Drill team seniors enthusiastically finish their routine. 11. This year's winter formal was held at the Old World dance hall in Huntington Beach, on the night of January 14th, 1984. Before the dance, the traditional voting for most preferred man was held, with the winners announced during the course of the evening. Of note was the gradual fading away of the "traditional" girl ask guy theme' instead, it has been replaced (more or less) with the usual guy ask girl. The band, Matrix, contributed significantly to the success of the dance, playing a wide variety of popular music both slow and fast. The theme seemed to fit the mood of the evening, for most considered this winter formal to truly be "A SPECIAL TIME to REMEMBER."

VARSITY FOOTBALL

The "Fighting Irish" football team of 1983 began the season with high hopes and great expectations. Although not all achievements were fulfilled, the team finished with a record of 6-4-0. We opened the season with a win over the Pioneers from Western 28-13. Our next game was against the tough Century League opponent, El Modena. Since 1977 we had not beaten them, but this was a different story. Playing one of our finest games of the year, we out hit, out hustled and out played them for a 17-3 victory. The last practice game of the year against Fullerton was one of our best performances of the year. Using an explosive offense and tough defense we beat the Indians 35-7. Katella was our first league game of the year. We started slowly in the first half but responded in the second half for a 35-12 win. Beating Los Alamitos 20-7 was one of our most satisfying victories. This was the first Kennedy team ever to beat the Griffins. Playing a hard fought game against the Loara Saxons, we lost our first game of the season 28-20. Our Homecoming game with Esperanza was very intense. The tremendous crowd gave great support to our team and we pulled out a 23-29 victory. Against the eventual Empire League Champs, Pacifica, we played an uninspirited game and lost 27-17. El Dorado had one of the finest runningbacks in the country, Shawn Ray, who played an outstanding game against us. Using ball control and capitalizing on our mistakes, they won the game 23-6. With a chance to go to the play-offs with a victory over Cypress, we played in constant rain that hampered our execution. Taking advantage of some breaks, the Centurians were able to win 8-0. The loss knocked us out of play-off contention. Although we did not accomplish all of our goals, we finished the season with a winning record. Congratulations to all of the players for having a good year.

Irish Jam It Home

The Fighting Irish Basketball Team of 1983-84 has developed into a very competitive and underated team. The Irish were not considered to even be a threat this year in the strong Empire League. The Irish had a poor pre-season even though they finished up with the Consolation Championship in the Santiago Tournament. League play started and the Irish started on the road three of the first four games. They lost close games to both League favorites, Katella and Los Al, to start League play. Since that time they fought back at the end of round one to find themselves one game out of first place. After two initial defeats they came back to win six straight games including a big win over Katella. We tied a school record for consecutive victories at six. With a victory over Los Al the Irish will have broken the record. Led by Co-Captains Scott Buss and Ron Rabune along with returning lettermen Walter Lauderdale and Mike Faddoul, this year's group of young players now believe in themselves. The team is now heading for their third straight year in the C.I.F. play-offs and a possible league championship.

TAKIN IT TO THE HOOP

After rugged conditioning in the off season the Junior Varsity went into the season with an impressive pre-season record of six and two. A little team work and a lot of hard work helped as the Fighting Irish opened the regular season with an awesome win over the tough Katella Knights. Two straight wins over Loara and Esparanza, then again over El Dorado and Cypress soon followed as the Junior Varsity ended the first half of the basketball season with a spectacular five and two record.

Trying Hard

Trying hard usually means succeeding and it certainly did this year with the Irish's boys' Sophomore and Freshmen basketball teams. Their dedication to the game was unspeakable as they practiced every school day and played up to three games a week for the entire basketball season. They played many good teams and came out victorious over most of them. Each separate individual worked together for the good of the teams and used each of his skills to the best of his ability. The coaches, Don Fromknecht (Soph.) and Ken Munger (Frosh.) taught the teams to play in coordination. Each team then put this idea into use. The teams looked good and worked together well as they played their opposing teams. They drove and shot and used their skills well. With key players and well designed plays, the Irish, unhampered by their opponents, led their teams to victory!

MANY SHOTS AHEAD

With playbooks, shots, and fouls our girls varsity basketball team made many basket shots to make themselves ahead of the crowd. The girls had many games that they could speak of proudly. They had a successful season. Winning more games put the girls closer to CIF and the play offs they had been before. The team consists of teammembers; Jawana Cousett, Rachel Martinez, Ursela Lovely, Debra Omijenkski, Love Fiere and Kim Grommes, Janelle Freese, Karen Jacob, Mariana VanBuren, Denise Correa, and Donna Richmond. The team was led into victory by coach Rick Albano. All these people helped put the girls varsity basketball team many baskets ahead of the crowd.

GIRLS JUST WANNA HAVE FUN

With some smart coaching and a lot of hard work, the Girls Junior Varsity team entered the regular season with an impressive record of eight and two. Led by team captain Lynn Ahnee the J.V.'s continued their winning ways with awsome victories over Katella, Los Al, Esparanza and Pacifica.

Because of their lack of experience, the Girls Sophomore/Freshmen basketball team knew that they were in for a tough season. Every game they get better and better even though through seven games they are winless, these girls know how to have fun!

Smashing Team

Led by coach Burns, the Girls' Varsity Volleyball team started off a great season by winning their first game. With the league record of 9 wins and 5 losses, their season record has been considered successful. Concluding from this record, the varsity team was seeded 6th out of 32 teams this year. The captain of the team was marina Van Melle, while the most valuable, most improved and most dedicated players were Marina Van Melle, Janelle Frese, and Marianne Stammen. With players like that the Varsity Volleyball team has a lot to be proud of.

Setting Up Points

The Junior Varsity Fighting Irish Volleyball team played their season with a balanced league record of 7-7. Their season proved to be a challenging and exciting one. Encouraged by coach Jean Rabune, all team members worked hard at improving and polishing their skills. Practices were well-attended by the Irish team, and much improvement among the players came from these practices.

The Frosh-Soph Volleyball team came through with an impressive 11-3 league record. During the season, Mrs. Simmons was the coach of this fine Fighting Irish team. Overall, the victorious team placed a well-earned second place in the league. This goes to show that there is a lot of potential in these already-successful team members.

I'll Tumble For Ya

The J.F.K. wrestling team really tumbled for us! Under the superb guidance and leadership of head coach Karl Glover and assistance coaches Joe Torturo and Bert Folsom, the team climbed its way to the top. As the team spent many long hours in concentrated practices, they concluded with a successful sense of achievement.

Although the team members were young with only three seniors, Norm Evans, Mark Beckner, and Mark Falatico returning, they worked with each other with patience and experience to achieve their goals. The juniors, sophomores, and freshmen gained valuable experiences for the oncoming season. The whole team showed their Fighting Irish Spirit throughout their winning season.

Get Down On It!

The J.V. and Frosh/Soph teams were coached by former outstanding Irish wrestlers Joe Torturo and Bert Folsom, both in their third year.

The J.V. team had limited success with only three returning upperclassmen wrestlers: Scott Wham, Mike Pontrelli, and Mike Hoskins. The rest of the team was filled up with freshmen and sophomores. Outstanding among them were Max Nijst, Roland Kim, Davd Gutierrez, Eric Casares, and Larry Miler.

The Frosh/Soph team was composed almost entirely of newcomers. Only Nijst and Casares returned from last year's team. Outstanding Frosh/Soph wrestlers were Andy Reyes, Ricky Ocampo, Nijst (2 medals), Dan Nelson (2 medals), Casares (2 medals), and Kurt Karcher (1st place in Buena Park Tournament). Because this team only had three seniors, many new wrestlers wrestled on the Varsity level most of the year. Frosh/Soph wrestlers on Varsity were Reyes, Nijst, Casares, Karcher, Marcus Wix, and Don Kim.

ANYONE FOR TENNIS?

The Boys Varsity Tennis team took a step in the right direction by taking the upper hand on the Savanna Rebels. An awsome victory soon followed as the varsity tennis team crushed the Whitney Wildcats in the impressive win at home. Coach Larry Buie is expecting great things from this years team as returning lettermen Tan Ngo, Mark Haugan, Derek Wisnowski, and Ben Garcia all work hard to win a spot in the Ojai tournament

Other outstanding players were Phung Ngo, Madeleine Tavakolian, and Kimi Oyama and Laurie Sasaki, who formed the couple that was the number one doubles team most of the time.

This was a great year for the team, as they were constantly getting better. They didn't have as many picnics this year, though.

Serving with great skill, volleying with great ease, and winning all of their pre-season games as well as six of their regular season games, the girls' varsity tennis team outdid their last years's record. Coach Magdaug, in his second year of coaching the team, continued to help the team improve.

The team consisted of five returning letterwomen, although the team's best player was a freshwoman, Michelle Tenney.

Despite lots of effort and hard work, the girls' junior varsity tennis team did not do as well as they had anticipated. The team had a record of six wins and eleven losses, and they wound up in fifth place. This was not a reflection of the girls tennis ability. "The girls did an excellent job this year," stated Jennifer Smith, who was in her first year of coaching tennis at Kennedy. Two of the more outstanding players were Michelle Nook and Trisha Meil, who formed the top doubles' team for the j.v. group. Another outstanding player was Gina Rey, who won most of her games this season.

Making Waves

With all the hard work, the wise coaching and a lot of team spirit, Kennedy's Water Polo Teams came out on top. Varsity was led by captain Bill Sexton and the Frosh/Soph captain was Thomas "Teddy Bear" Erdelji. They were all coached under Bob Zehtner. Both Varsity & Frosh/Soph practices were before school and then two more grueling hours after school. They also had to lift weights every other day. The Varsity had a 12 & 12 record and went to C.I.F. against Servite and the Frosh/Soph had a 11 & 9 record.

The Varsity Team consist of the returning lettermen Mike Conners, Scott Benda, Steve Pitts, Roland Reyes, Dave Ciesinski, Mike Neumann, Bill Sexton and Eric Evans. And the newcomers, why made the team a whole were Mike Erdelji, Steve Ridley and Nick & Mike McMahon.

The Frosh/Soph Team was made up of Sophomores Hans Snijdewind, Thomas "Teddy Bear" Erdelji and Craig Long. The Freshmen were Eric Mendoza, Jose Prieto, Andy Reyes, Brian Leibl, Pat Hornak and Brian Hulse.

Although the Boys Swim Team was basically young and inexperienced, Coach Bob Zehnter and Coach Allan Pellin had an enjoyable year working with these teams. Having a little trouble winning their meets, Coach Zehnter has enthusiasm for next year. The returning lettermen, Ron Antimarino, Scott Benda, Steve Pitts, plus the new lettermen Mike Erdelji, Tom Anderson, Steve Ridley, Gerald Stadler, Jerry Daughter, and Mike & Nick McMahon help the team through all the good and bad the year brought. After a spectacular 1983 season, the girls Varsity team prepared for just as a successful year. Coaches Bob Zehnter and Jo Tennyson guided the girls through all the trials, tribulation and triumphs the season brought. With the quickness of the returning lettermen, Kristina Edmond, Andrea Bennett, Kristen Hurley, Pam Hansell and by the new help of Tracey Benda, Melissa Pellin, Shannah Morris, Lisa Niles, Alane Azevedo, Abby Husereau and Daphne Gonzalez, the team finished above the rest. Also with all the new techniques the Frosh/Soph girls team learned, they had a hard but victorious year.

FOOTLOOSE

The 83-84 JV soccer team launched the season with determination by the players and by the coach. Coach Wale. With some help from their excellent players and a positive attitude, the team had succeeded in winning many of their games.

The Soph/Frosh soccer team did as well as the JV team. With lots of hard work, effort and help from the Coach Elverado and the team captains Robert Sanchez and Toby Wong, the team started the year exceptionally well. Though it took many practices and lots of hard work, they all believe that it is worth it. With an attitude like that, no wonder they did so well.

Strategic Soccer

Coach Alice Lopez gave the girls soccer team new belief in their potential ability applying all the strategy and tactics of the game to fuel the players with a vigorous determination.

This was the second year girls soccer was on Kennedys sports agenda and a new girls JV soccer was added to expand girls soccer program.

With grueling practices and exercises the team is forever sharpening their skills striding for a CIF play-off spot.

MAKING TRACKS

Kennedy's Cross Country team was on the right track. The team was ranked 5th in Orange County at the beginning of the season and at the end of the year, they placed 5th in the empire league. All of this could not have been accomplished had it not been for the superb coaching of Coach Bailey and Coach Buss. The team members put in hours of exhausting hard work to prepare themselves from the weekend competitions. Eric Ree, the boy's varsity most valuable runner along with many of the other award winning athletes, placed in many competitions that resulted with many wins for the Fighting Irish. At the pace they are going now, next year they are going to blow the competition away.

GOING FOR THE GOLD

Both the boy's Varsity and Soph/Frosh track teams put in alot of hard work and time into the preparations for each meet, both of which started early and end late. But, with the aid from the coaches, Chris Gaukler, Mr. Coleman, Steve Hutt, Tad Dillard and Mr. Bailey, the pain of the long hours was eased. With this much determination and hard work, the year really paid off with awards and experience. One can definitely see that they were going for the gold.

RUNNING GREAT

The girl's Varsity track team was absolutely great. The hard work that these girls put in truely paid off as they won victory after victory over the other schools. Their coaches, Chris Gaukler, Mr. Coleman, Steve Hutt, Tad Dillard and Mr. Bailey, gave them the guidance needed for their goals to be met. At the rate that they are going now, one can guess that next year is going to be even more promising for these athletes.

The Varsity Baseball Team, headed by Coach Dave Gunn and Assistant, Scott Hunter, led the Irish through a promising pre-season. With power hitting and an excellent defense this could be the first team to win the Empire League. The Irish team had a lot of spirit and stamina that helped them get through a long and grueling season. You could always see those familiar faces in the cage swatting the ball off the pitching machine. Determination and dedication will play a major role in the eventual success of the team.

Swingin' For The Fences

The Junior Varsity baseball team has come together really nice in the opening weeks of the scrimage season. With a victory over Jordan and a lop-sided win over Wilson, the team believes in themselves. The only defeat so far come at the hands of a tough Western team; 8-3. With standout play by Tony Rolland (CF), Brett Belout(SS), Joey O'Brien (C), and Dave Robinson *(LF); the team looks like a potential winner. Coach Burns has taught this team to take pride in their game and has instilled a winning atmosphere on the field. With a quality defense and an above average offense, this team may have what it takes. Pitching is still a question mark, but should be no hinderance in this team's eventual success.

The Soph/Frosh. baseball team, headed by Coach Frye, is being well groomed for a bright baseball future at Kennedy. With a little concentration and a lot of hard work, this team could develop into one of Kennedy's strongest Varsity teams.

Drops, clears, smashes and hours of footwork drills. A lot of people do not realize how much work it takes to become a good badminton player and how much more work goes into becoming a great badminton team. Well our badminton team is one of the best. With three undefeated league championships and a second place in Southern Section CIF to defend, they have their work cut out for them. But they have a good chance to maintain their reputation with six returning lettermen, four of which were boys and girls doubles Empire League champions. Coach Simmons and Coach Simmons have high expectations for the team. They should be able to do good in the league, but getting into CIF and placing is their big challenge.

And The Band Played On

From the Beat of a drum to the angelical sound of a flute, the bands' talent was harmonically displayed in every aspect. Jazz band, Wind ensemble, and Symphonic band were built up by elite musicians, in which each brought awards to their category. R. Gravitt directed the three bands with precision.

Musical Vibrations

Kennedy Chorale performed for many various activities. Some highlights were being a part of Holiday in Music, the Christmas Assembly, and the PTSA Talent Show. During the holiday season, Chorale appeared at the Cypress Tree Lighting Ceremony and were guests at the Kiwanis Christmas Party. Mr. Shamp served as the advisor.

Stately Scholars

The California Scholarship Federation is an honor program that has the ability to enrich the minds of certain students. The students in C.S.F. must maintain a 3.5 grade point average. For some of the students that is a feat that is as simple as reading an acceptance note from a wanted college, but for many, it is a strenuous drive to the top. Mr. Arakawa is the advisor, guider, and organizer of this auspicious group of students. With that in mind, we should all be proud to know these stately scholars, and attempt to become one ourselves.

On Top of Everything!

In its second year, the O.C.E., Organization of Campus Inhancement, was one of the newest organizations on campus. With many service projects, the establishment did many group activities to put smiles on the faces of many people. The organization was made up of all nationalities and was led by the following officers. *The president was Richard Dekany; vice* president, Eric Nosalek; secretary, Gary Gomez; and the treasurer, Ron Aviram. Finishing a successful year, the members made plans for the oncoming year.

Keys To Success

Key Club, a Kiwanis sponsored high school service organization, is dedicated toward making tomorrow's world a better place by taking responsible action today. Under the leadership of Dennis Montera and the guidance of Mr. Peterson, the club worked in number of community projects. Club activities included devoting time to the young at a Halloween carnival, being Santa and his helpers for children at Christmas, helping the disadvantaged through a canned food drive, and visiting retirement homes and the handicapped. Key Club through its service to the community had made it motto, "Caring — Our Way of Life," more than just words; it has made it a goal for living.

Blinded by Science

Science Club, being on club that was a person could get a bang out of, was led by the biology teacher, Mr. Ridenour. Under the leadership of club officers, Denise Kishi and Cathy Swenson, the organization was led to new heights. All through the year there was an atmosphere of real accomplishment. With this attitude the science enbarked on various activities that helped put them to the top. For one of those activities the science club held a science fair, which consisted of the best winning experiment. The science had a good year.

Take a Byte Out of the Apple!

The Computer Club had a profitable year. They worked with Apples, IBMs, and Commodores with good results. The club had good leadership under their president, Steve Cozine. For field trips, they went to such places as the California Technical School which contributed to a very experimental year. Everyone *learned how to work a cybernetic machine* with the accuracy of a robot. The club's first year was off to a good start!

Reach Out And Touch Someone

Under their abbreviated name, the Future Business Leaders of America had a busy year. Their advisors consisted of all the business teachers in the department. Under the leadership of their president, Tim Smith, they accomplished many projects. With a drive to be #1 the members of this club worked harder as the year progressed. When the year came to an end, they were enriched with knowledge and a drive to become our future business leaders.

ASAIN

To start off the year, Asian Club participated in La Palma Central Park's Halloween Carnival by selling many baked goods and working in the various booths. Asian Club was also active in their support for Gina Muscat, a girl with leukemia. We gave her support through visits, cards, and helping to pay for her class ring.

Diati Means Why

The Diati Club is an organization for gifted and talented honor students. Mr. Haynes, the club's first advisor, has continued to be active in this tenth anniversary year.

Members were primarily interested in learning more about college preparation and visiting university campuses.

Club officers met monthly to plan fund raisers and other social, cultural and educational activities. The officers are Todd Ethington, President; Karin Chao, Vice-President; Min Kim, Secretary; and Jeff Sung, Treasurer.

Chess Club has had a good year in concentration, and fun. These students would get together every Tuesday and challenge one another in the game of chess. Mr. Bertoni would advise and teach students who were not familiar with the game. The Chess Club members really enjoyed the mental challenge of chess and the friendship that resulted. The officers of the club were Min Kim President, Danny Cheng Vice President, and Scott Yamamoto as Treasurer. The most outstanding players Ken Allen, who also won last years Chess Tournament, Danny Cheng, and Jerome Andrews put out a good fight to win the trophy. The trophies are awarded to the best players at the end of the year and given through Mr. Bertoni.

The game of Chess is played also on computers and develop techniques and higher Chess skills. Mr. Bertoni said that "In this students are offered a chance to be challenged in an intellectual way, and learn creativity. It took a lot of time and patience, but ended in Checkmate and the battle was won.

Faculty

Principally Speaking

What an exciting year this has been! We have been "reaching for the gold" in so many endeavors and have been rewarded again and again. In academics and athletics, activities and events we have witnessed phenomenal successes and growth from you, our students. Spirits have remained high even though some new programs, such as Assertive Discipline, were not student favorites. I am pleased with your ability to adapt to change, for this is critical to growth and maturity.

You will witness an important historic event in the Summer Olympics and some few of you may have an active role in those games. I hope that each graduating student will have his/her goals as clearly determined as each Olympic athlete and that you, too, will be striving for the gold medal. Remember, without effort there is no reward.

Best wishes for a bright future.

The Vital Link

Our busy fighting Irish counselors have put in time and care, and have shown true concern for Kennedy students seeking guidance and help for the present and future. They have been of vital importance to students planning their future schooling and careers. Mr. Mayberry has specialized in the departments of R.O.P. and Work Experience in our school, and the results have been great. We now have students excelling in different occupational fields.

Our faithful counselors have been truly helpful and dedicated to their work. Two of our counselors will be retiring after this school year. They are Miss Cook and Mr. Hackett. Miss Cook has been with Kennedy for nineteen years, and Mrs. Hackett for twenty years.

Thank you counselors for your service — we appreciate you!

Susie Cook

John Hackett

Nineteen years as a counselor at Kennedy has been a pleasant and rewarding experience for me. I feel very lucky to have been a part of the "FIGHTING IRISH" faculty and having had an opportunity to work with an outstanding student body. Our school has a reputation for traditions of a friendly campus, academic curriculum, pride and "IRISH SPIRIT." I know you will never let this change. I will miss everyone but I give you my sincere wishes for a wonderful future.

John F. Hackett

Saying good-bye to John F. Kennedy High school is a very difficult thing for me to do. My friendship with Kennedy students and faculty began in 1961 at Walker Junior High School where I had the pleasure of working with the Class of 1966 when they were in the 8th and 9th grade (ask Mr. Buie in the math department about the Class of "66" — he was in it!) and with some of our present staff who were on the Walker faculty at that time. The relationship continued when I worked again with the Class of 1966 in the 11th and 12th grade and several of the Walker faculty moved across the street to help open Kennedy High. To my way of thinking the 1966 class motto says it all, "First in a Long Line of Greatness", idealistic, perhaps, but definitely prophetic! The warmth, friendliness, and excellence of our great student body have always flowed across our campus down through the years. I have felt priviledged and proud to serve and serve with the students and faculty of this school. As nature would have it, faculty members just do not retire, move up into the mountains and grow "young". However, I want you all to know that whatever takes place in the near or distant future, I shall handle it with the same Kennedy Irish pride and dignity that I have developed during the twenty years served at this school.

I will miss you all and my thoughts will be with you always.

Susie B. Cook

Challenging

School year 1983-84 challenged the Kennedy High English Department with a multitude of curriculm changes and processes. Power Writing, Oral Communication, S.A.T. preparation and practice, Basic Skills Pretesting and Remediation, CAP Pre-testing, and implementation of other district and school programs have provided both teachers and students plenty of opportunity for learning and growth. English teachers have commented on how cooperative and helpful our students were this year in meeting such numerous and challenging tasks. The year closes on a sad note, especially for those who have known Mrs. Violet Fannon for the twenty years that she has graced Kennedy English classes. Mrs. Fannon has decided to retire as of June 30, 1984, and even those who have known her this year — students or new teachers — realize what a tremendous loss her retirement means to the English department as well as to the entire faculty and student body. We will all miss you Violet Fannon; "May the wind be always at your back . . ."

AMAZING!

Amazing! What has a staff of five been teaching for over fifteen years? Science of course! This staff of five teaches the basic courses such as Life Science, Physical Science and Oceanography to the college preparation courses which are Biology, Chemistry, Physiology and Physics even to the college courses of AP (Advanced Placement) Chemistry and AP Physics. Some of the modern equipment in the labs consist of dissecting materials as well as animals to dissect. Among the modern equipment in the labs, the Science Department owns four computers used solely by Physics and Chemistry as well as AP Physics and AP Chemistry. These fantastic five are in charge of all of this expensive equipment. The Kennedy High School Science Department must be one of the best Science Departments in the Anaheim Union High School District.

Businesslike Socialbles

Kennedy's superior social studies teachers proved once again that they are a unique group of people. Teachers: Roger Axworthy, Scott Burns, Clyde Christensen, M. Hamamoto, Michael Haynes, Keith Jettie, Leonard Latinen, Aaron McGuire, Lou Nichols took students back in time, and taught them the laws, beliefs, and the people lived up to the stone age. Their diversity went from Mr. Jetti telling his students about his patents and his wife to Mr. Burns undying effort to make his students laugh.

Accounting, cashiering, shorthand, typing, and learning to work with business machines prepped future-minded students. Teaching each specialized area were: Kathy Bentzien, Eleanor Doss, Robert Hughes, and Willi Van Hunnick.

The Arts

Spanish, German, or French may be Greek to most students, but Kennedy's dedicated foreign language teachers: Sharon Casserly, Girard Corkum, and Irmtraut Drake broke the language everyday with their students by setting up pen-pals, showing slides of foreign countries, and by giving the students an ever lasting flow of assignments.

Preparing students for future jobs were the industrial arts teachers: Russ Albright, Richard Bailey, Theresa Campbell, Robert Maib, and John Otsen.

Teachers: Jean Amos, R. Anderson, and Cheryl Jensen enhanced the cultural aptitude of their students by introducing them to various types of art.

Last but not least is the music department. R. Gravitt finely tuned Kennedy's talented musicians.

Health + Sufficient Exercise = A Better Tomorrow

Communicatively Handicapped Dept. and Resource Dept. are two different special education programs. They both serve students who are determined to learn and also to receive their basic classes required for graduation. Communicatively Handicapped Dept. helps those who have receptive and expressive learning problems while the Resource Dept. helps those who have a learning disability. The extra assistance provided by the departments, within the school system, enables many students to meet graduation requirement otherwise be able to accomplish. They have successfully benefitted students to gain education from those departments and they will continue to help these progress in the near future.

To introduce our tenth grade students to a world of safer driving we have our Driver Education teacher, Mr. Hill and Mr. Rivers.

Driver Education is a one semester course and for the second semester there is Health. In Driver Education is a book portion of learning to drive and also of an important rules to obtain a license. After Driver Education comes Health. In Health they inform you many informations through books, films, and demonstrations of C.P.R. done on the two dummies. They both help you to prepare for the road and written test as well as helping you to lead healthier lives.

A Secretary's Job Is Never Done

Many people around the campus don't know it, but without the help of the clerks here at Kennedy High, the school administration would not function as properly. In almost every administration office, you'll find a hard working clerk doing her job. Their assignments range from typing, sorting, and writing, to enrolling new students, and running errands. Appreciation should be given to the clerks for their outstanding work.

Starting of a new year of 84 brought a new arrival, Gwen Metzler. She's the Kennedy's new effecient and hard working nurse. During the time of sickness Gwen is always there to help you recover. She's quite a young and active lady. She looks so remarkably young that Kennedy students most often mistake her for one of the students. Gwen simply just loves Kennedy students and hopes to stay a great deal longer at Kennedy.

The Teams Behind The Scenes.

Do you ever wonder about the workers Behind The Scenes, like the custodians for the cafeteria staff. The custodians put much time and effort in our school to make our campus look its very best. They sweep the floors and clean the class rooms. They start work at 3 o'clock pm till 11 o'clock or until they finish everything. These men truly do a great job and deserve recognition.

For some of us, when the bell rings we sprint to the lunch lines so that we can get the first choice of the food, but those of us who reach the lines after the rush, what lies before us is nothing less than a disaster. All the food that was so neatly placed in position is now gone. The cafeteria staff watch this transformation take place day after day. Yet, after lunch is over they clean the cafeteria back up to normal until, it shines with Irish pride. These ladies deserve much more appreciation then they receive.

1. Ms. Sinclair goes through her workday with a smile. 2. With a look of concentration, Ms. Cochran makes sure each purchase is exact, right down to the last penny. 3. Jess Flores and the "brown tank" are a familiar sight on campus. 4. The field is Don Teson's specialty. 5. Ralph Avila climbs to new heights to keep our fields clean.

DAVE CIESINSKI

"Kennedy High School Class of 1984," it sort of has a funny ring. I can't believe it's already time to be released Reflecting back on my dawn morning I can still remember the day that I enrolled at Kennedy. I entered somewhat like a little kid with a brand new bicycle. My kin told me that I was suppose to use this bike to ride to my place in life. At the time I thought to myself this sounds easy enough. Well it didn't take me long to realize that I had a minor problem, I didn't know how to ride this bicycle.

For the next eternity, with the help of some good training wheels and a little determination I over came this problem. I got to where I could ride the bicycle with ease.

Well just about the time I began to believe that I had the world by this "life stuff" wired, I once again realized that there was a foreign condiment in my punch bowl. The problem being not how to ride my bicycle but rather where I was going to ride it.

I haven't quite figured out the answer to this question yet but faith tells me that the answer is not far away. Through these thoughts I began to wonder if I'm really ready to face the insanity of being an adult. To make the plans and choose the roads that may very well decide the way I live the rest of my life. In any event, I know that the friendships that have grown throughout my visit here at Kennedy will remain in my heart forever.

MISS IRISH

CHRISTINA EBELL

Beginning with that first day at Kennedy as a timid freshman, I've had many memorable experiences that I will cherish forever. High school has served as one of the most important stepping stones in my climb toward becoming an adult.

As a result of my membership in tall flags and student council, I've learned to be responsible, make decisions, and have self-discipline. I've come to know the importance of representing one's school. I had the chance of proudly representing my country (as well as my school) in Ireland.

The past fours years has meant interacting with different types of people and making new friendships. I've enjoyed learning to cooperate, compromise, and work with others. Each person has helped me to get to know myself. Not always has the work been easy nor the times "good", but I know that I have become a better person for all my struggles.

May God bless you all that have helped me become the person that I am. Without the love, support, and encouragement from my family, friends, and faculty, at Kennedy, I could not have achieved what I have. Now I'll put my memories in my backpack and eagerly climb the next set of stepping stones.

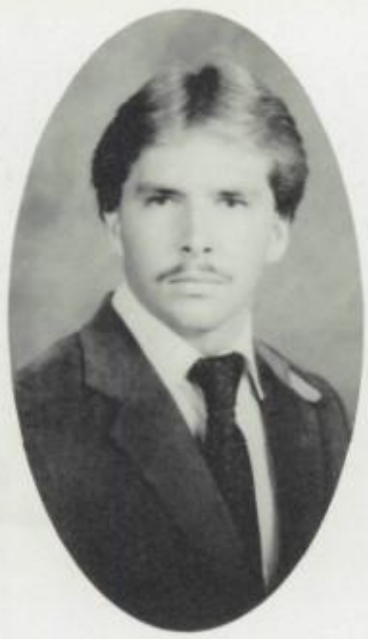
Denise Granito

Being a member of the first "four year" graduating class from Kennedy High School has allowed me an extra year to become more involved in high school activities.

My first year at Kennedy I was a member of the Freshman Cheer Squad. During my sophomore year, I became more active by serving as class Secretary, which in turn allowed me to serve on the Ring Committee. I also was a member of Performing Dance and the Sophomore Cheer Squad.

Moving into my junior year, the most exciting part was being selected as a Varsity Cheerleader. I also continued to be a member of Performing Dance. In my Senior year, I was elected Head Cheerleader and I served as a Performing Dancer Leader.

Along with participating in all of the "fun" activities, Kennedy's teachers and counselors have helped me maintain a 3.4 G.P.A. by their constant and caring reminders to keep all aspects of a high school education in proper perspective. I would also like to thank my family and friends; I couldn't have done it without you!



Mike Blalock

As this year draws to a close, I am able to reminisce over my four years at Kennedy. Getting involved was an important decision in my life, and I'm glad I can look back on it as one of my best. Not only did I grow as a person but I've had some of the best and most memorable times of my life.

My Freshman year I was on the Irish Football Team that brought home the Empire League Crown. I was also on the Varsity Wrestling Team. Lettering in Varsity Football capped my Sophomore year, and during my Junior year I was selected to the All-League Team in football. In addition to this, I also was awarded the honor of being placed on the Emerald Chain. For my final and best year at Kennedy, I was elected Co-Captain of the football team and was elected into the Student Council as Grounds Commissioner. With all this activity, I have still managed to hit the books now and then. I have maintained a 3.7 GPA in a college-prep curriculum and plan to attend the Air Force Academy on a football scholarship.

I would like to thank my parents very much for their supporting love, also, to all of my special friends who have been with me through thick and thin. Thank you, I love you all, I couldn't have done it without you. Good bye, and God bless!

Ron Rabune

My four years here at John F. Kennedy have been years full of great friends, high times and unforgetable memories. My Freshman year was full of learning and experiencing the high school atmosphere. Being on the first Freshman football team to win the Empire League Championship was a great way to start at JFK. As a Sophomore student government brought me out into the world of politics. Being a Junior, promoting school spirit as Pep Commissioner was very fulfilling because I was the first male to hold this position. Still, sports were my main attributes. Finally a Senior, decisions surrounded me. While still playing football, basketball and baseball I was elected Senior Class President and managed to keep a 3.00 GPA.

During all my years at Kennedy, I managed to become a nine sport letterman, and to this I owe my coaches, teachers, friends and family the very best of love and appreciation. John F. Kennedy thank you for making me the person that I am.

Kandace Smith

Reflecting back on my four years here at Kennedy I realize I have many memorable experiences. As a Freshman I was active in sports, I received a Varsity letter in Cross-Country and Track. As my Sophomore year came along, I decided to try something new so I tried out for the Sophomore Cheer Squad and made it!! In my Junior year I became a member of the Varsity Cheer Squad, and had the opportunity of being selected a candidate for Girls State. In my Senior year I was again a Varsity Cheerleader and I also had the opportunity to be on the Royal Homecoming Court as Senior Princess.

I know though, my years at Kennedy would not have been the same if my family, friends, and teachers weren't there to help me out. You've made the years worth while. I love you all. More important, I know you will always be there for me. Special thanks to Kami, Julie Guevara and her family, and Doug for being the best. And for my "sweets", I love you.

I will never forget my years here, for I have grown in many ways. I am ready to see what the future holds, but I will remember what the past has brought. Hello Shasta, good-bye Kennedy, It's been great! To those I leave behind, my friends and teachers, you'll always be remembered. God bless you all and take care of yourselves, class of '84 is the best.

Rachelle Reyes

Live life to its fullest; make the most of every moment of your life because you can never turn back and live it over. I realize now that I have learned a lot in these years. Not only academically did I learn, but I have also learned a lot about myself, about other people, and about the importance of friendships. This is probably the most valuable knowledge any person can gain.

In my freshman year, I became a member of the colorguard as a part of the tall flag line, and in my sophomore year, I joined the rifle line. In my junior year, I was fortunate enough to be a member of the Emerald Chain and was also a nominee for Girls' State. In my senior year, I became a part of the Student Council serving as ASB Secretary.

While taking honors and AP classes, I have managed to maintain a 3.8 grade point average, which has allowed me to be identified as a National Honor Roll Student. Outside of school, I continue my other interests by working for a diploma for my piano studies under the National Guild, attending drafting classes, and participating in the Close-Up Seminar in Washington D.C.

My involvement in school activities through the years has helped me to make many friends. To them, my parents, and my family, a very special thank you. I could not have made it without you all. You have taught me to believe in myself, for if you can "believe in yourself, all things are possible."

Bill Sexton

I am quite proud to have been a member of the class of 1984, and thankful to have had the opportunity to spend a full four years at JFK.

During my interim as an underclassman, I was fortunate enough to be elected as both sophomore and junior class president, where I was able to serve the class of '84 in many capacities. The highlights of this period was my work on the junior-senior prom and much design work on the class ring.

My senior year proved to be the climax of many enjoyable times at Kennedy, the most important of which was the tremendous honor of being elected as ASB President. An additional highlight of this year was the strong performance of the water polo team, of which I was captain. Throughout this time, I also kept up a strong academic load, received a National Merit Scholar Commendation, and was somehow able to maintain a 3.7 GPA.

Despite a learning environment best summed up as "ignorance is strength", my four years at Kennedy have thus far been the most memorable and productive of my life. During these years, I was able to make several lifelong friends. I also feel compelled to mention my sincere gratitude to all of those special people who have touched my life. Without all of your support and guidance, my success would never have been possible.

Jon Giacomi

My basic involvement has been with student government. I was the first four member of the student council. As a sophomore I became involved in the California Association of Student Councils, a statewide organization for students. I was elected as the State Vice-President as a junior, and as a senior I was elected to serve as the State President.

While in the classroom, I maintained a 3.8 G.P.A. I owe a lot of thanks to my counselors, and my teachers who supported me in my involvement.

While learning is associated with classroom and teachers, some of my most valuable learning experiences took place outside the classroom with teachers and friends. If there is one thing that I can recommend to underclassmen, it would be to take advantage of those opportunities. They are there. School has been security. Now the time has come that these years of preparation will truly be tested. I am apprehensive, yet intrigued and anxious to prove myself to those who have helped in the foundation of me. My family, friends, and teachers have each played important roles, and now it is my turn. Someone said that the world's greatest resource is its youth. I hope that we, as a senior class at Kennedy and universally, are ready to face the challenges that are ahead of us all.

Kris Evans

In my Freshman year, I was determined to get involved so I plunged into the Pep Club and spent Fridays and Saturdays with a bunch of screaming girls at the football games. In my Sophomore year I decided to get more involved and tried out for Drill Team. I made it! I benefitted from being a member of the Drill Team. The highlight of my Junior year was traveling to Ireland. I was also elected Junior Class Secretary and was a part of the House of Representatives. An honor which I received, was being selected as a candidate for Girl's State.

My Senior year turned out to be the best for me. I was appointed the position of CASC State Secretary. This position enabled me to serve on Kennedy's Student Council and help to plan activities. I love to write and being a member of the school newspaper, *The Shamrock*, was rewarding and fun. School activities have always seemed to be important to me and a part of my life. Being in the Homecoming Court was an unforgetable experience.

At Kennedy I have maintained a 3.45 GPA and held a job, which began my Sophomore year. Without my family, I could not have made it. With the encouragement and love of my parents, I always had something to strive for. My friends have made high school a "fun" place to be. I can never forget the traditions and activities of John F. Kennedy High. May God bless you all.

A New Tradition

Kennedy's newly established Parent Teacher Student Association (PTSA) has started a new tradition that has become a prestigious one. With the support of Principal, Miss Moore, Kennedy's PTSA board initiated the "Students of the Month" awards to give special recognition to outstanding students. Each month, faculty and staff members nominated students for this award on the bases of their scholarship roles and future plans. A committee of counselors, teachers and parents met monthly to read over all the materials submitted and to select one boy and one girl for this honor.

The winners of this award received special cerfiticates from the Principal, Miss Moore, and the La Palma Kiwanis Club President, Mr. Bill Duncan. The winner's names were inscribed on a perpetual plaque. This plaque was donated by the Kiwanis Club and is on display in the main office. For public recognition the honored student's names were placed on the marquis in front of the school and their pictures and a write-up of their accomplishments were published in the *News-Interprise* as well as our own newsletter, *The Irish News*. Mrs. Ethington, President of the PTSA, is pleased with the outcome of the awards and hopes to recognize as many of Kennedy's outstanding students as possible. "I hope that their good example will encourage other students to maintain high academic goals, to keep involved in extra-curricular activities, and to be willing to serve our school and community."

Talent!

The Shinanigans. An Irish drink? An Irish jig? No, it's Irish talent! The Shinanigans is the name of the PTSA's new talent show where both teachers and students get to show off their various talents. Whether it be singing, dancing or just playing around, the PTSA hopes that the Shinanigans will encourage students to excel in the area of the arts. Two of the performances were the harmonious barbershop quartet, alias Mr. Schamp, Mr. Montalbano, Mr. Axworthy and Mr. Gravitt, and the playful "little people" played by members of the Student Council.

As usual, the senior officers began early to make this year one of the best for their class. Even before school had started, they were busy selling the senior t-shirts. Throughout the year, they organized activities right and left, like the senior skate nights, the teeter-totter-a-thon, and the senior assembly. Through many of these activities along with the selling of senior pictures and announcements, the senior class made a great deal of money which they used to replace a stolen VCR and to beautify the senior circle and the rest of the campus. For the senior officers, this was a year they could have much pride in.

Alane Azevedo, Representative

The class of "85" had another successful year. The junior officers were President, Cindy Hansell; Vice President, Mike Faddoul; Secretary, Cari Sypkens; Treasurer, Caroline Pugeda; and Representative, Alane Azevedo. They encouraged the high spirits of their fun-loving junior class. The officers, with the help of the junior house, sold Christmas candygrams and M&M candies. One very important event this year was the planning of the Junior and Senior Prom, which was held at the elegant Newporter Inn. The Junior class' ever present theme, pride, was represented in many ways such as the class of '85 ring emblem. The true feeling of pride of being an Irishman was achieved by our Juniors.

One of the up coming models of today is a seventeen year old junior at Kennedy. His name is Shaune Hall. Shaune started his modeling career during his sophomore year after a friend suggested it to him. Shaune has modeled for catalogues such as the J.C. Penney's Christmas catalogues. Along with many other young models, Shaune hopes someday to make the transition from modeling into acting. Meanwhile, he is kept busy with keeping his portfolio up to date. A goal of Shaune's is to appear in *G.Q.* and *Ebony* magazines. The college of Shaune's choice is Morehouse college, which he hopes to attend with some help from his modeling money. Shaune plans to major in business or in computer science. So keep on looking through the magazines. Soon you'll see Shaune's face on the cover. Best of luck to you Shaune in your career.

Charley Burnes is more than just a varsity "Yel-leader", he is an actor. That's right, a real actor. Besides being in commercials such as: Lee Riders, Skippy Peanut Butter, and three Coca-Cola commercials, he was recently seen in the feature, **Nightmares.** Charley also worked on a series for PBS called **K.I.D.S.** in which he had a starring role. Someday, Charley hopes to become a lawyer or a successful person in the business field. He admits that he admires people who work hard for success, which might explain why Charley is such a successful person. So keep working hard Charley, You have a most promising future to look forward to.

Jawanni Cousett is a star who is being born right here at Kennedy. She performs with the "Young Americans", which is a group of talented teens who do singing, dancing, and acting together. Jawanni puts in up to four hours during the week and up to nineteen hours in a week-end in rehearsals at the Brea Theater. Jawanni, who is also kept busy with her position as captain of the girls varsity basketball team, is also an active member of the choir and FBLA. Jawanni hopes to get a scholarship for basketball and to major in music at Long Beach State. We all wish Jawanii the best of luck in her future singing career and look forward to seeing her name in lights.

Gregg Pauley is a fantastic piano player. He started to play the piano when he was six years old and since then, it has been an important part of his life. He has played in many big competitions and has won many awards all over the nation. In the Joana Hodges's Piano Conference and Competition, which is the fourth largest in the nation, Gregg won first place in the Junior Krenek Competition. He also won first place in the Junior Amateur Championship in the Southwestern Youth Music Festivals. Gregg practices about two hours a day and is able to maintain a high GPA while taking honor classes. With all his talent, Gregg hopes to major in music at either the Curtis Institute in Philadelphia or at the New England Conservatory. Keep up the good work Gregg, you're sounding great.

DANCING! Everyone loves to dance especially The Style Council. The Style Council is a group of sophomores consisting of Steve "Master Jobber" Kim, Dan "Main Ingredient" Stefani, Darrin "Master Link" Queen, David "Mechanic Gangster" Esparza and the leader Darin "Master Cylinder" Nakakihara. They kept busy with their unique talent by Popping and Breaking. The

group doesn't get pay for dancing they do it for enjoyment. The Style Council dances to the sound of Funk, like such songs as "Electric Boogie" and "Electric Kingdom". The Group has gone to Westwood and Hollywood to show their stuff and would like to go to New York to Break on The Rock Steady Crew.

Awesome Athlete!

If you were to go to Cypress College any morning from 5:45 to 7:00, you would find Kristina "AADD JR." Edmond, a sophomore at Kennedy, either lifting weights or swimming in the cold water. Then after school from 5:00 to 7:00 she would once again be working out. Tina has been swimming since the age of 6 for one of the top teams in Southern Ca., Cypress Aquatics. This group is made up of some of the top swimmers in the nation & world. While swimming for Cypress, she has been as far as Wisconsin to compete in the Jr. Nats. Tina has a g.p.a. of 3.5 and also swims for the girls varsity swim team. She has placed in the top 6 in every event and has swam in C.I.F. KEEP IT UP TINA!!!!!!

Cameron Evans

If anyone Knows about Jr. Speedway then he knows about Cameron "The Spoke" Evans. Cameron is a sophomore at Kennedy with a G.P.A. of 3.5 and is 9th in the nation for Jr. Speedway. Cameron remembers one time when he was almost killed by his best friend, Ronnie Corey while trying to win his first major race in Costa Mesa, Calif., he has enjoyed this dangerous sport since he was 12 years old. His father, who is a racing announcer, introduced him to this sport and he was taught how to ride by the World Champion and actor Bruce Penhall. Cameron rides a Honda 250 and wears a leather racing suit, which was given to him by one of his sponsors. Cameron plans to keep racing until college or until he gets too tall. After he attends college he would like to become a professional announcer.

Go for it Cameron!!!

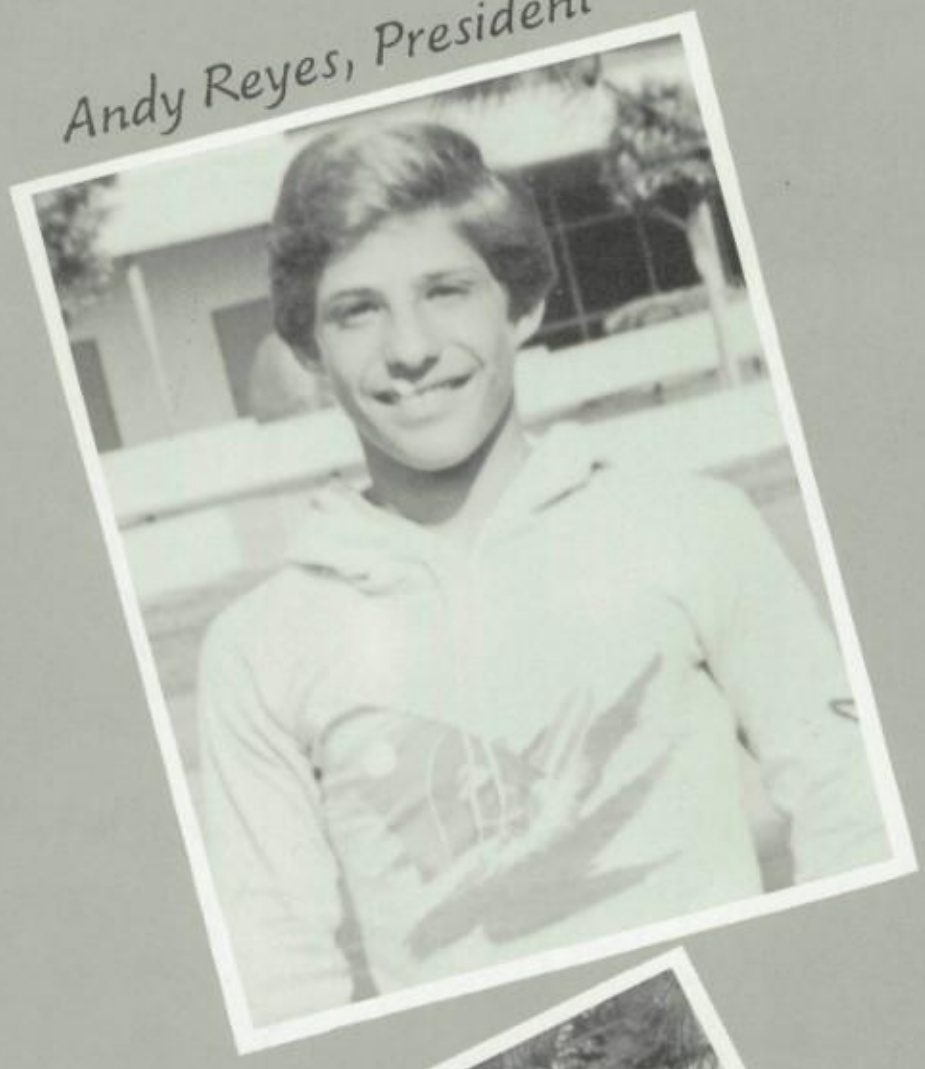
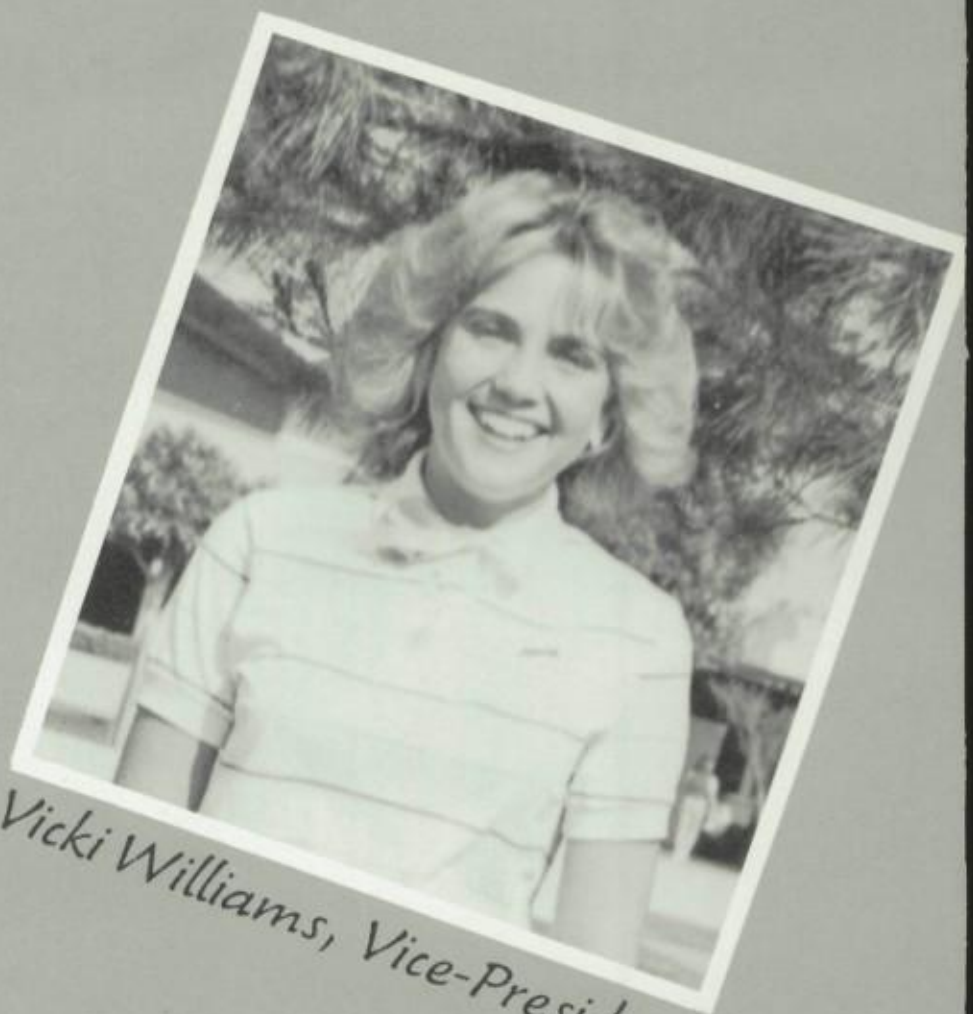
Andy Reyes, President





Vicki Williams, Vice-President

Lynn Kent, Secretary

Ronnie Reyes, Treasurer

Marc Ferraiz, Representative

Led by President Andy Reyes with the help from Vice-President Vicki Williams, this year's freshmen house had many organized activities which they planned and carried out successfully. Some of these activities included selling M&M's, candy bars. They also held a carwash and sold Valentine candy grams. Also helping the President and the Vice President were Secretary Lynn Kent, Treasurer Ronnie Reyes and the Representative Marc Ferraiz. They did an excellent job leading the freshmen class through a most spirited year.

Today we'll start anew,
and say our last goodbyes,
to all the friends we've grown to love,
with whom we've laughed and cried.
Remembering the fun and laughter,
the problems and the fears,
and watching all our memories grow,
throughout our high school years.
The memories of the dances,
and the new friends that we've met,
vacations, teachers, talking,
and exams we'd rather forget.
Yes highschool days are precious but brief,
where all your dreams come true;
It's not the end, but the beginning,
of a life we will start anew!!

Time Capsule 1984

Eddie Murphy was one of the most popular entertainers of the year. He made two movies, and he swept the nation with his comedy album, *Eddie Murphy: Comedian.*

Vanessa Williams won the honor of being Miss America this year. She was the first Black woman to have this title bestowed upon her.

Jennifer Beales made her film debut this year in *Flashdance.* The actress set quite a few trends this year in the clothing industry.

In September, the Russians shot down a Korean Airlines jet en route from Alaska to Seoul This tragedy created a huge international incident.

Boy George and his appearance became quite familiar this year. He and the group Culture Club became one of the hottest new rock groups of the year.

Joan Rivers was another top comedian of the year. Making her debut as guest host on the Tonight Show, she became an overnight success as a semi-legend.

Michael Jackson, called the top performer of the decade, is shown here with part of the Thriller cast. The video Thriller became the most popular video ever, while the album Thriller became the biggest album of all time.

The Democrats were fighting hard on the campaign trail this year. While Reagan received the Republican nomination for president, Mondale, Jackson, and Hart battled it out for the Deomcratic nomination.

You've Gotta Be Fast.

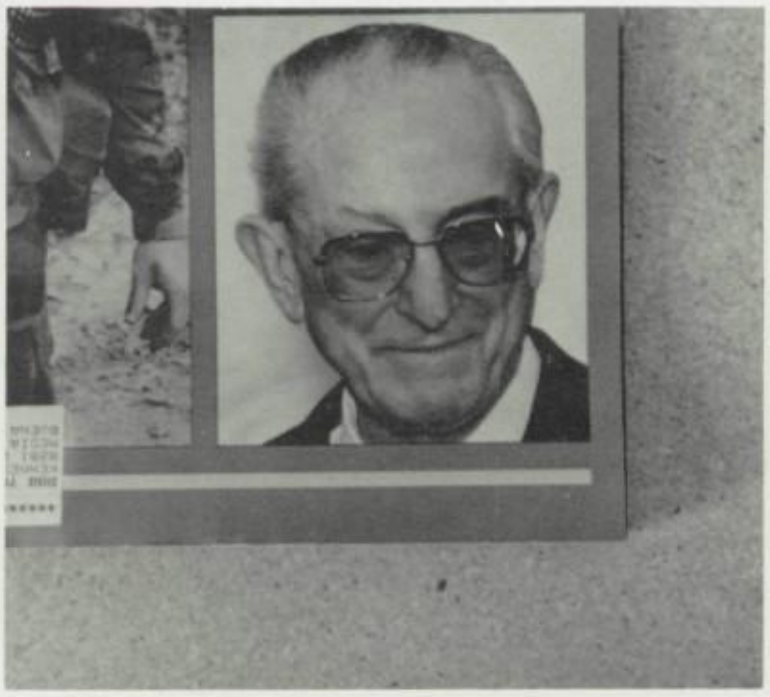
The Cabbage Patch Kids craze has the nation going ga-ga. These homely but huggable little soft sculptures are setting

Cabbage Patch dolls were a tremendous hit this year. At Christmas time, they were by far the most popular item for sale, and they were frequently sold out.



This is the year that Andropov passed on. He was the supreme ruler in the Soviet Union for about a year and a half. He was succeeded by Chernenko.

Howdy Teresa,
I thought I'd sign by the Cabbage Patch Kids because they are so cute! I'm glad I know you because you're a real sweetie! Have a nice summer!

Bill Sexton: A.S.B. President

Another school year has now come to it's ultimate conclusion. The year has been full of fine memories, ranging from the glories of opening day to the pomp and circumstance of graduation. The student council this year tried to promote a spirit whereby everyone would "Get Involved." In this I felt that every member of council fulfilled his responsibilities admirably, and that truly made the year one of the best yet.

1984 has brought a great many things to the world — George Orwell, presidential elections, the Olympics to Los Angeles (!), as well as the first four year class at Kennedy. Although (to paraphase Orwell) Ignorance may be strength, it is those who are willing to reach out and find new things that are going to find success in life.

Something must be said for the students and faculty that make a school. In the case of JFK, the whole was truly greater than the sum of it's parts, in that every person at Kennedy had something to contribute to the school to make it a better place for all. Perhaps no one contributed more to jovial atmosphere than the activities director, Mr. C. Without his constant direction and support, we could not have accomplished nearly as much as we did.

A final thanks to all who have helped to make John F. Kennedy High School what it is . . . a place of enthusiastic fun which I will dearly miss.

Sincerely,
Bill Sexton, A.S.B.
President

The ever enthusiastic A.S.B. president, Bill Sexton.

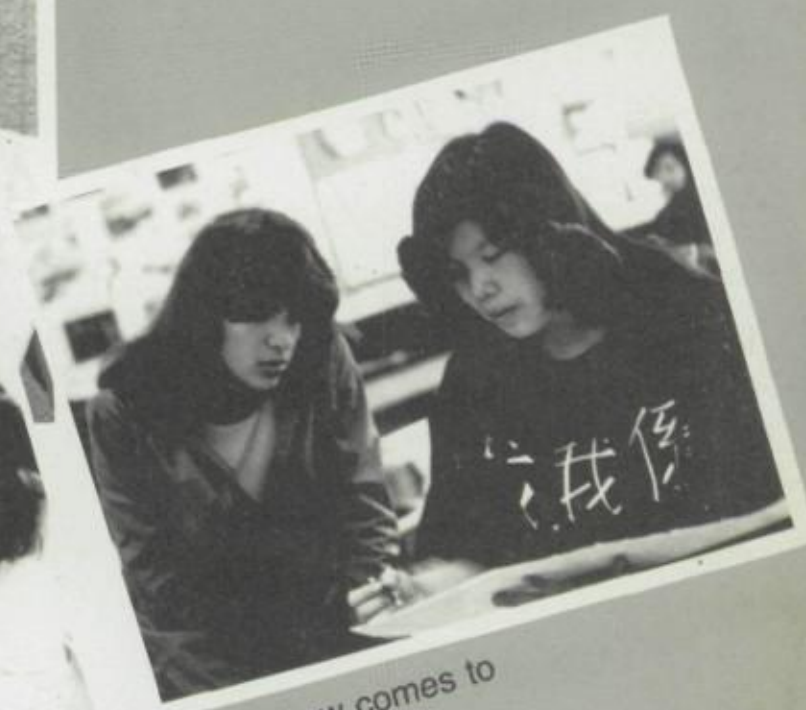
J.D. Hilts and Laurie Lew: Yearbook Editors

J.D. Hilts and Laurie Lew — ecstatic workers who dedicated much of their time to the yearbook.

J.D. Hilts gives some help and advice to Becky Muta.



Laurie Lew comes to the aid of Linette Bandy.

You're traveling through another dimention. A dimention not only of pressure and tension but of insanity. A journey into a chaotic room whose residents are spasmatics and hypermaniacs. There's room 49 up ahead. Next stop . . . The Yearbook Zone.

What a year! Every time we walked into the room we felt that we really were stepping into the Twilight Zone. THIS YEAR (ha! ha!) a lot of revisions were made. We created some new traditions, rejuvinated others and altered the rest. But these changes would never have happened without hard work, and boy did we work hard!! Staying at school till 9 in the evening was not a rarity and Saturday workdays were make-it-or-break-it days. But editors are absolutely nothing without their staff, and what a staff we had!!

Almost all the Seniors had jobs, but day after day they would come in early or work around their job schedules to finish their pages. We appreciate them so much for their dedication and persistence. Michelle Cadinha never ceased to amaze us with her innovative layouts and crafty captions (Wabbit!). What we couldn't understand most was how she was always one of the first persons to have her assignments completed. Michelle, we don't know how you did it, but hey, we're not gonna fight it! Candance Hemphill always seemed to get the most dull assignments. Now we're glad that she did because she somehow gave them sparkle and pizzazz. A layout designer, writer and photographer, Candace was valuable to the staff and to us. Rene Hornak (You're SO weird!), resident drill team member, spasmatic and an all around picker-upper, still probably doesn't know how to count and type the copy or crop pictures. That's okay, we've only been doing it for a year! All of Rene's energy paid off as she helped other's finish their layouts (as long as they told her *exactly* what to do! ha!ha!). Thanks for being you Rene, we wouldn't want you any other way. When Janelle Jackson walked through the door there were always a few "walls" behind her. Janelle's energy was contagious and she had the greatest knack for finding terrific poems and inspirational copy. Thanks for your patience, Janelle, through all the "I don't knows." Doug Markel (Scammer!) was our one and only yearbookie returnee and head photographer. His eye must be premanently fastened to his camera by now. Thanks for working so hard on your layouts, Doug, they're some of the best (Layouts? What are layouts?). Becky Muta (I want more pictures!), was our expert on ten different ways to create a face page. She was usually found buried beneath a million photos until she found the "Oh, this one is perfect!" picture. The dymanic duo would not be complete without Becky's counterpart Lisa Wong. Talk about working against all odds, Lisa had so many doors close on her that we really don't know how she pulled it off. Her ability to cope when everything was falling down around her is what kept us all above water. That and the responsibility of doing all written artwork kept her busy (Come on Lisa, just write this ONE). You guys are the best! Thanks bunches.!

For Juniors, jobs weren't so much of a barrier than all the demanding academic work they had to juggle around. Between art classes and tons of homework Janet Ambuhl was able to work on all her layouts and still keep organized. It wasn't until 6:00 when she started to lost her marbles (Janet! Calm down!). Linette Bandy was our all around everything. She was always busy doing something or other for herself or for others. Last minute layouts was her specialty. Kyung Chang amazingly cropped her pictures without using a cropper and got them all to fit perfectly. Her layouts are some of the best (not an eraser anywhere!). Between dancing to every song she liked, (and she liked almost *every* song), Denise DeLand labored over her pages until they were just right. Then we came around and asked her to change it! Thanks for your patience Denise! Although, she was quiet, Judy Kim had an eye for neat looking layouts and was a perfectionist at drawing them out. Thanks Judy! Let us borrow your ereser some day! Jenny Lee (Baby!) had a voice that could not be avoided. Always willing to help out, Jenny was the key to many of the layouts being completed. Kristin Noble (Mouse!) worked through thick and thin to finish her pages. Nor rain nor shine, nor sleet or hail . . . Thanks for putting in a lot of time above and beyond the call of duty. Chris Williams (Tripper!) our photographer and danceman was usually found literally bouncing off the walls in the halls. Chris was also our main researcher and info. finder between keeping up with the "Master Cylindar".

Our Sophomores were pretty dynamic if you asked them. Steve Alcala, hypermaniac, photographer and token indoor bike racer, put in hours of overtime doing what he didn't know how to do. (I thought I was only a photographer!) Tina Edmond was our water jock, but she wasn't a fish out of water when it came to layouts! (pun intended) Between her hours of swim practicing she made time for yearbook after school. Pam Lyons left us after the first semester (smart girl!) but didn't leave until she made her mark on her layouts. Darin "Master Cylindar" Nakakihara (the man with no joints) floated around the campus taking pictures and kept us entertained with his spontaneous break dancing. Poor Mike Rodgers (Won't you be my neighbor?) had to re-do his layouts over and over again. Thanks for your patience Mike, but stop using so many finals!!!

Special thanks also goes to Mr. Maib's TA's who printed millions of photos for us. Mrs. Cotta and Mrs. Shurr for supplying us with information, all of our teachers for letting us out during deadlines, Mrs. Jensen for her artistic expertise, Mr. "C" for his support, Mr. Milne for moving all our deadlines dates around and for his fatherly advise, and especially to all of our personal friends who took our crash courses in layout design. Last and by far not the least is our advisor, Mr. Maib (Dad!), who never saw the light of day before the deadline. Thanks for your never-ending patience, support and for keeping all of us "Fat and happy"!

As for us, this has been a year that we will never forget. Starting out with no returning members (including us), a financial debt, a new advisor and no experience we had a big job ahead of us, but to our surprise it has been a better year than expected. This book is still a little rough around the edges, but it is one the we are proud of. We hope that in ten years or so from now we can help you reminesce about some of the best years of your life, but remember that the very best years are going to last for eternity. Always rely on the Lord, he'll get you through everything. He definitely helped us! God Bless.

In Christ,
Laurie Lew and Jonathan Hilts
